

Scottish Competition Law Forum

Competition and Professional Services

17 June 2008, 17:15 – 20:00

Host Faculty of Advocates

Venue The Mackenzie Building
Old Assembly Close
172 High Street, Edinburgh
EH1 1QX

Overview

Competition in the professions is the subject of considerable debate and development at European and national levels. This event will give an opportunity to examine, across a range of professions, issues such as:

- Competing considerations of safeguarding ethics and introducing liberalisation; and
- The role and limits of self regulation.

With speakers from law, medicine and accountancy, and from the European Commission, we will have a full agenda for discussion which will also be relevant to many other sectors.
