

Scottish Competition Law Forum

Competition and the regulated utilities

Thursday 18 September 2008, 17:15 – 20:15

Host KPMG LLP

Venue Radisson SAS Hotel
Meeting room 11 (1st floor)
301 Argyle Street
Glasgow G2 8DL

Overview This event will consider competition's increased role in the regulated utilities, the manner in which competition is being developed in these utilities and the impact these changes may have on utilities and consumers.

We will hear from both regulators and those with experience of working in regulated utilities, which will give us a fascinating insight into the process of developing competition in regulated utilities and the practical consequences of the introduction of competition.
